

CIWMB Certified Collection Center Used Oil Recycling Commitment Letter

I am making the commitment to help my customers recycle their used motor oil and used oil filters. Pollution from illegally dumped used motor oil and used oil filters harms me and my community. I am now making the commitment to help keep my community safe and clean.

I will:

- ☐ Accept all non-contaminated used motor oil
- ☐ Accept all non-contaminated oil filters
- ☐ Direct customers to the (888) CLEAN LA hotline and/or the www.888CleanLA.com web site if:
 - they have contaminated oil
 - they have oil filters and we do not collect them
 - our store's used oil tanks are full
- ☐ Provide customers who are recycling oil with helpful information and a friendly attitude
